THE PRESIDENT'S ANNUAL REPORT

APRIL 28, 1928

As one pauses at the turn of the road to look back over the path one has traversed, so we stand today looking back over the year's work to recall what we have done and to ask what was its quality and what will be its result, to remember also the happiness of the year.

The first event of importance was our "Negro in Art" week. We are proud to remember that the idea of this truly epoch-making movement arose in our own Club, but we fully appreciate the generous co-operation given by the Jewish Woman's Aid Society, the Woman's City Club and the City Club of Chicago in making the thought a reality. As we saw the work of negro artists, heard their music, and above all, perhaps, as we listened to the thought-provoking words of Alain Locke and the striking poetry of James Welden Johnson, we realized that souls and hearts are one under the differing skins of many lands, and we had the happiness of knowing that we had extended a hand of comradery and sympathy to those who needed it. It is interesting to know that this "Negro in Art" week of ours has stirred many other cities throughout the country to a like movement. The report of the Celia Parker Woolley Committee given at the April business meeting was most stimulating.

Among the events of the autumn we remember with great pleasure our dinner in honor of Miss Buckingham, donor of the beautiful fountain which plays in our front door-yard, across the Avenue; and another pleasant occasion when ex-Mayor and Mrs. Flower of Stratford-on-Avon lunched with us and told us of the progress of the new Shakespeare theatre.

Coming on past the Christmas holidays we arrive at the crux of the year's history, the fateful day when was finally settled the question which has been hanging over the Club for lo, these thirteen years, to build or not to build. By a large majority vote, at a largely attended meeting it was decided to erect a building on the long-posssessed 11th Street property. This seemed the one possible solution of a much vexed question, considering the very explicit wording of the by-law under which our Building Committee was appointed and the impossibility of changing the by-law under existing conditions in the Club.

Since the meeting of January 12th, work has gone on quietly but successfully toward the enlarging of our funds and the making of necessary arrangements for the proper running and financing of a Club home. Some day in May the first sod will be turned and we shall be given an opportunity for due rejoicing.

The work of the Departments has seemed to be unusually fine this year. The two smaller departments pooled their resources and were thus able to put on a joint Study-Class program of the highest rank. They also carried on their special pieces of work with great earnestness and ability.

The Art and Literature Department completed its Scholarship at the Art Institute and has been conducting an interesting work of art education at Gad's Hill Center. In addition its many classes, literary, art, musical and linguistic, have been carrying on with delightful enthusiasm.

The Education and Philosophy Department has centered its creative efforts upon the Nursery School which the Board of Education has housed in the Franklin Public School and which, as a successful educational experiment, is attracting wide attention. One program of the year was devoted to the Nursery School and Infant Welfare. We shall not soon forget the lovely baby, all unconscious, from whom Dr. Gerstley demonstrated the normal child, nor the beautiful tribute of song offered by Mme. Lenska to make the President's Day a success, offered because of her long-time friendship for Mrs. Alschuler, whose brilliant address she followed.

The Home and Public Welfare Department has certainly lived up to the second half of its name. Such a group of Public Welfare activities it would be hard to match in any other company of similar size. Taking the boys and girls who go through the Juvenile Court, following them to the various homes and schools to which they are committed, and seeing to it that conditions there are what they should be is no small undertaking and its result in future good citizenship cannot be measured.

But it has not been all hard work this year. We have had quite enough play to keep Jack from being a dull boy. Space and time fail to describe the Frolics of the three Departments. Suffice to say that they were all most excellently thought out and so well performed that we have swelled with pride over the apparently universal dramatic ability of the Club.

One of our most festive occasions was our luncheon to the American Opera Company, apparently equally delightful to us and to them, they greatly appreciating the backing of our Club for their splendid artistic efforts.

Among our programs have been some unusual and delightful ones. Early in October the Press visited us in the persons of Mr. Henry Justin Smith and Mr. Edward Price Bell of the Daily News. Then came President Mason of Chicago University to tell us of "The Growing University," and he was shortly followed by Bertrand Russell, British philosopher, who gave us a meaty address upon "Science and Civilization." In January the presidents of two Near East Colleges told us of "New Education in an Old World," and shortly afterward a luncheon was given in honor of Kobe College of Japan. A most delightful program was our spring musicale when Mr. Stock talked to us of our Symphony Orchestra and Jacques Gordon played for us.

The latest celebration of all was that of Shakespeare's birthday, a truly red-letter day. For its success we are indebted not only to our own members, but to players from the Goodman Theatre who enabled us to meet Will Shakespeare himself and many of his dream children.

Lest I leave an impression of an over-balance of play, let me speak of two things accomplished for general welfare. Through leadership in our Club in which two other Clubs joined, two long-needed cottages are promised at Geneva for the use of colored girls, and larger provision has been made at Lincoln and Dixon so that epileptic and mentally-deficient children committed through the Juvenile Court may now be cared for. The need for this space has been a crying one for many months. Our Club has also had an encouraging contact with the Cook County Board of Commissioners in connection with the preservation of the Cook County Forest Preserve.

Those who were present at the Wednesday business meeting know that this Club is taking the lead in an effort to secure a change in the state law upon proxy voting as it relates to corporations not for financial profit.

That April business meeting! How I wish I could prevail upon every member of the Club to attend it. As the reports of our non-administrative committees and our delegates to various bodies mount up we realize how far-reaching is this our Club

and in how many directions we are stretching out a helpful hand. That program is always to those who hear it a most thrilling one.

And so the old year closes and in the same breath the new one opens. What shall be its character? It holds great possibilities for happiness but their realization depends upon us all and each. If we can, each one of us, be generous in our thinking, friendly toward one another humbly realizing that no one of us is perfect, seeking earnestly the things that are best for our great Club that we may pass on untarnished the noble inheritance that is ours in our time, then we may hope for a great year of knitting up and reuniting energies, of developing within the Club the spirit which alone can make of our proposed new building a true *home* for our Club, worthy of the efforts that have been put forth to secure it. May such be the year of 1928-29.

MARTHA H. MACLEISH,
President.

TREASURER'S REPORT

FOR THE YEAR ENDING APRIL 15, 1928

CHICAGO, May 10, 1928.

Chicago Woman's Club,
Chicago.

Dear Mesdames:

We have audited the books of the Chicago Woman's Club for the fiscal year ending April 15, 1928, and we now submit our report thereon together with the following statements:

Exhibit *A*—Statement of Assets and Liabilities as at April 15, 1928

Exhibit *B*—Income and Expense Statement for the year ending April 15, 1928

Exhibit *C*—Surplus, April 15, 1928

Exhibit *D*—Statement of Cash Receipts and Disbursements for the year ending April 15, 1928

Schedule *I*—Investments—Special Funds

Schedule *II*—Investments—General Funds

Schedule *III*—Special Funds as at April 15, 1928

Schedule *IV*—Luncheon Committee—Income and Expense Statement for the year ending April 15, 1928

Schedule *V*—Sundry Committees

Schedule *VI*—Contributions

The net income for the year, which is shown in detail in Exhibit *B* herewith, amounted to $2,322.22, after providing for depreciation on furniture in the amount of $1,484.80.

In view of the fact that we have made certain recommendations with reference to the accounting methods at present in use and the fact that these recommendations have necessitated some alteration in the composition of the accounts submitted herewith, we do not at this time present comparison of the Income and Expense Statements for the years ending April 15, 1927, and 1928. These recommendations are discussed later in the report.

Dues for the year amounted to a sum of $44,830, a decrease of $85 from those for the year 1926-1927. Initiations, guest tickets and room rentals amounted to $6,875, a decrease from those of the previous year of $160.38. Interest on investments and bank deposits, less accrued interest on investments purchased, amounted to $2,421.51, compared to $1,991.86 for the year 1926-1927, an increase of $429.65.

Salaries, rent, printing, postage and stationery, lighting and telephone, insurance and general expense amounted to $36,982.26 for the year under review, an increase of $537.96 over these expenses for the year 1926-1927.

The operations of the Luncheon Committee shown in detail in Schedule *IV* herewith, resulted in a net loss of $56.85 but in comparing this result with the net profit for the year 1926-1927 it should be remembered that in the year under review replacements of linen, china, etc., were charged in the amount of $435.12 while in previous years no such direct charge was made. As formerly no charge has been made to this committee for rent.

We have the following comments to offer on the items appearing in the statement of Assets and Liabilities (Exhibit *A*) herewith:

No additions were made to the furniture and Works of Art accounts during the year. Depreciation at the rate of 5% was provided on the furniture.

The investments carried in the Special Funds are shown in detail in Schedule *I* hereto, the changes that have taken place during the year being as follows:

	$ 8,850.00

These bonds were carried on the books at a cost of $8,850 and realized $9,385, a profit of $535.00.

Certain of the securities were formerly carried on the books at par value and during the year Surplus Account was charged with a sum of $1,316.25 to reduce the book value of these securities to cost.

The securities listed in Schedules *I* and *II* were produced for our inspection.

We examined the insurance policies and found the proportion of unexpired premiums correctly stated in the amount of $625.70. The amount of fire insurance carried covering personal property is $25,000.

We verified the amount on deposit by certificates from the bank and the cash on hand by count.

Accounts receivable of the Luncheon Committee consist of $108.55 due by the Club and $46.20 by other patrons, a total of $154.75.

The inventory of provisions on hand at April 15, 1928, was estimated at $270.

The changes that have taken place in the Special Funds are set out in Schedule *III* herewith.

The changes consist of interest received on investment, profit on sale of securities and accrued interest in the purchase or sale price of the investments except in the case of the House Fund which, in addition, was crdited with a sum of $139.86 appropriated from the General Funds, and used, with the uninvested portion of the fund, in the purchase of securities.

Appropriations of $200 to the Art Purchasing Fund and $776.14 to the House Fund have been transferred from the General Fund Surplus.

Details of the Surplus at April 15, 1928, will be found in Exhibit *C*.

GENERAL

It has been the practice in former years to enter on the books amount appropriated in the budget to certain departments and committees and to treat these amounts as expenses. The unexpended balances were treated in some cases as income, in others carried forward to the credit of the department or committee concerned for future disposition, or credited to one or more of the Special Funds. If the unexpended balances be treated as income the effect is to inflate both the income and expense by a like amount where, obviously, the expense has not been incurred neither has the income been received. If the unexpended balances are carried forward or credited to the Special Funds the net result is to increase the expenses by an amount not actually disbursed and to reduce the net income for the year by that amount. The books should reflect only the disbursements actually made or expense incurred and the income actually received,

the budget appropriations being used only as a check on the amounts expended or to be expended by the different committees or departments.

Whenever it is deemed advisable to increase the Special Funds by an appropriation out of the General Funds, such appropriation should be made out of *Surplus*. Securities should be purchased and the cost of these securities should be the amount of the appropriation made. Several of these Special Funds will have, from time to time, uninvested balances due to the accumulation of interest on the fund investments, in which case the appropriation need only be the additional amount necessary for the purchase of the securities.

The following surety bonds were in force at April 15. 1928:

Mary M. Betts	$10,000.00
Florence Allin Ingalls	10,000.00
Agnes Nolan Wilson	2,000.00
Cornelia H. Freeman	500.00

We satisfied ourselves that the receipts shown by the books were deposited in bank and that the disbursements were supported by properly approved vouchers. Receipts from dues, etc., were tested and found to be correctly stated. Income from investments was duly accounted for.

We acknowledge the courtesy shown our representative during the course of the audit.

Yours faithfully,

ARTHUR YOUNG & CO.

ANNUAL MEETING, APRIL 28, 1928.

BUILDING COMMITTEE REPORT

The Building Committee is happy to report that our plans have developed rapidly since the Club meeting of January 12, 1928, when the momentous question was settled by Club vote to build on our own ground on Eleventh Street immediately. Our By-law, so specific in its instructions, "to raise funds, buy land and erect a building," is three-quarters fulfilled—the ground is bought and paid for—the building is about to be erected—and more than one-half of the money is raised to complete it.

Substantially the same plans that were presented to you January 12, 1928, by Mr. Holabird, are now in the hands of the contractors. The working plans were sent out on April 23rd and the bids are expected to be returned to the architects by May 12th; then we will have the exact figures covering the entire cost of the building. It will take a week or ten days longer to let the contracts, bringing us to the third week in May—the time that we expect to break ground. The Board of Managers appointed at its last meeting a committee to plan fitting ceremonies for the important event.

A few changes have been made in the architect's plans since January 12th. These corrected plans now replace, in our Club rooms, the first sets of plans left there. You can see by them that one alteration was made in lowering the ceiling over a group of small rooms, which do not need the height, thereby making space for a small mezzanine floor of several rooms.

The additions made in the plans are mostly providing for ways to readily supply our future wishes as we can afford to indulge ourselves. For instance: Sufficient space is being left vacant in the basement until such time as we can install a pool, lockers and showers. Thirty thousand dollars would cover the extra cost of this luxury, but if built later thirty-five thousand dollars will be the needed amount.

We also present to you with enthusiasm the idea of a future glassed-in and heated sun parlor covering the space over the large Hall. This space cannot be used for bedrooms owing to City ordinances, but is available for the proposed purpose. Accordingly the roof of the Hall is being built with heavy beams that they may carry the weight whenever used. Building this

room now would add twenty thousand dollars to our original estimates and if built later will cost tweny-five thousand dollars.

Our bedrooms are proving to be a popular feature of the new building. These will provide a substantial income toward the maintenance of the building and the work of the Club. You may recall that the two top stories are devoted to bedrooms—nineteen rooms on each floor. Everyone of these thirty-eight bedrooms has a bath, a closet and two windows. Any member wishing larger permanent quarters for herself, or a relative to share them with her, can have two or three rooms rearranged in a suite to meet her wants. One floor is already provisionally spoken for.

The report of the sub-committee inserted here is of vital importance:

April 26, 1928.

Report of the Bedrooms Committee:

Requests for renting by the year received from eleven members.

Requests for ten months from two members.

Requests for nine months from two members.

Renting by the month from six members.

Non-residents, when in the City—eight members.

By the day when needed—twenty-two members.

Making the number of inquiries to date—fifty-one.

A number of others are at this time considering yearly rentals.

Also have an offer of one hundred dollars a year for three years, to be given by a member of the Club to help support a room to be known as "The Chicago Woman's Club Guest Room," provided a sufficient number of Club members will give the same amount in order to pay the rent of such a room for three years.

Respectfully submitted,

LULA B. CARPENTER,
ANNA HOBART PIETSCH,
Chairman.

Four Clubs have asked for Board Room space in our new building, with periodical use of our halls. These organizations are: The General Henry Dearborn Chapter of the D. A. R.; The

Alliance Francaise; The Catholic Woman's League; The Tuesday Art and Travel Club.

The Treasurer's report, which follows this one, necessarily closes April 15th, the fiscal Club year. The Building Committee desires to be right up to date, and therefore, reports that the significant sum of $82,635 has been raised since January 12th towards our new Club home. All of this sum with the exception of $10,000 has been contributed by our own members. The number of members contributing to the fund and the amount, are both appreciated, so don't be afraid to give, much or little, half this year and half next. Only don't be missing from our list. Many, many letters have been received, in addition to those containing checks or pledges, from interested Club members indicating their interest, their co-operation insofar as possible, and their intention of contributing to the fund when financially able to do so.

With the change in our By-law that the Building Committee asked for, we hope to welcome today to our committee five additional members to help us with the pressure of work to be done until we have completed our task.

We have the architect's promise that the finished building will be turned over to the Club ready for furnishing by March 1, 1929.

Respectfully submitted,

(Signed) ANNIE P. LOBDELL,
Chairman.
